CONDITIONS IN FRISCO ARE MUCH IMPROVED

Refugees Are Hopeful And Cheerful.

WEATHER IS AGAIN FAVORABLE

Conditions of People Are Rapidly Growing Better—The Relief Work is Daily Becoming More Systematic and Methodical.

San Francisco, April 25.—Following the rain which fell Sunday night and Monday morning, which intensified the misery and suffering of the homeless people of this stricken city, Monday night was one of comparative comfort and of greatly improved conditions.

The night was clear, warm and balmy, and there was less suffering among the thousands of refugees camping out under the blue canopy than at any time since the day of the terrible disaster. The condition of the people is constantly growing better.

The relief work is being organized with every day, and the distributions of provisions and the providing of shelter is daily becoming more systematic and methodical.

Monday afternoon wagon loads of quilts, comforts and blankets were distributed among those who have suffered intensely from the cold and exposure while sleeping in the open.

Other wagons loaded with tents wended their way through the crowded streets and replaced many improvised shelters which afforded little or no protection against the rain and chill winds with waterproof canvass tents. As a result, there were but few complaints of suffering Tuesday morning.

While the heavy rain for the time being added much to the misery of the homeless, it did much towards improving the sanitary conditions throughout the city. At 10:40 Monday night an earthquake shock was felt throughout the city, and momentarily created alarm among the poeple, still unnerved and overwrought from their recent experience. No damage was caused, but in some few instances persons living in houses ran out badly frightened and called upon the sentries and guards to help carry out clothing and other effects.

Shortly after the slight trembling, an unconscious man was found on the sidewalk in front of a house at Golden Gate avenue and Buchanan street. He had evidently fallen or jumped from a window in his efforts to get out of the house when it was shaken.

At Farrell and Leavenworth streets an unknown man was found dying in the strets by the police.

Following the unfortunate killing of Major H. C. Tilden, on Sunday night, by some self-constituted vigilantes, it is said that city patrols and all guards will be disarmed and the troops, both regular and militia, will be instructed not to shoot except in cases of extreme necessity. If the reckless action of some of the guards in the triple system of policing the city by three separate organizations under department commanders, which caused conflict of authority and much confusion, has given rise to much complaint. The regular soldiers and marines have earned for themselves high commendation for their efficient work.

The general conditions of the city are improving rapidly. The weather Tuesday was never better.

Hundreds of men have been placed at work clearing the streets and dynamiting the tottering walls, which were left standing by the fire.

The Spring Valley Water company has about 1,000 men at work repairing and replacing broken water mains, and many portions of the residence section are now supplied with water.

No trace of Count de la Roera, the French consul in this city, has yet been found. It is feared he lost his life.

350 Bodies Recovered.

San Francisco, April 25.—The coroner's office was reorganized Tuesday, and a morgue was opened in a vacant store in Hayes Valley.

Up to the present, bodies have been [illegible] by the soldiers and the naval [illegible] were taken [illegible]

that the exact number of dead will never be accurately known.

Coroner Walsh reported Monday that his deputies had cared for 350 bodies taken from the ruins, but this number does not include those buried by the police and by the naval militia in the Portrero.

Beginning Tuesday all burials will be made in the cemeteries and the usual reports will be made to the coroner, and an opportunity given for identification. The bodies which were buried in Portsmouth and Washington squares and near the corner of Bay and Polk streets, will be exhumed and attempts made to identify them before reburial in the cemeteries.

Chinese Aid Sufferers.

New York, April 25.—The Chinese residents' associations met Monday night and discussed the best method of affording aid to the San Francisco sufferers, especially the Chinese, Shah Kaifu, the Chinese consul, was present, and read this telegram, received on Sunday night from Consul Chung Pao Hai, at San Francisco:

"Chinatown is entirely destroyed, and our peopple are in great distress. Send whatever money you can collect for our people to Chin Fook & Co., 373 Ninth street, Oakland. (Signed) Chung Pao Hai."

In addition to $2,7000 handed over to the mayor's relief fund yesterday, the Chinese are to raise at least $3,000 more.

No More Laborers Needed.

Oakland, Calif., April 25.—Mayor Mott has been notified that several cities of the state have been placarded with the notices that skilled labor is eagerly sought in San Francisco. He says such notices are erroneous, as there is no material in San Francisco for mechanics to work with. "I am informed," said Mr. Mott, "that notices have been posted in several cities of the state declaring that as much as $1.50 an hour is paid for skilled labor in San Francisco. At the present time there are unemployed mechanics in the burned city who are unable to work on account of the lack of material. At present all work in San Francisco is confined to the clearing away of debris and the repairing of water mains and the sewer system.

May Be Forced Out of Business.

New York, April 25.—The Tribune says that there was much talk in financial circles of this city Monday to the effect that several American fire insurance companies would have to go out of business on account of their losses in the San Francisco conflagration. It is also said that several companies are expected to go into liquidation because it would be impossible for them to meet losses. Up to the close of business, however, no company had admitted inability to pay losses, and officials of some of the companies mentioned in the reports as being crippled, declared that the losses would be paid in full, and that the companies would go on. It was said that in several cases the stockholders would make up the deficiencies by assessments.

All Records Were Destroyed.

New York, April 25.—All the records of their San Francisco office having been destroyed, the Equitable, New York Life and Mutual Life insurance companies have a large force of men at their home office copying the duplicate records. They will be sent west at the earliest possible moment. None of the companies has any indication as to just what their death losses will be.

More Liberal than Hoped For.

New Haven, Conn., April 25.—Secretary Taft, president of the National Red Cross Society, who spoke at Yale Monday night, said, regarding the contributions to San Francisco: "The appeals to the American people have received a more liberal response than the most sanguine hoped for. The money and aid is coming in from all quarters in such abundance that it is possible to give more than a rough estimate of the amount at present."

Odd Fellows Appealed to.

Baltimore, April 25.—From the offices of the sovereign grand lodge, I. O. O. F., in this city, has gone out an appeal to every grand lodge and grand encampment of the order in North America for aid for those who suffered from the California disaster. A

SOUNDS OF BUILDING WILL SOON BE HEARD

Reconstruction Arrangements Rapidly Crystalizing.

TOTTERING WALLS DYNAMITED

New 'Frisco in First Stages of Springing From Ashes of Old—Complete Order Seems To Be Established and Attention is Turned to the Future.

San Francisco, April 25.—Arrangements for the reconstruction of new and greater San Francisco are rapidly crystallizing and soon the sounds of building will be heard in every block of the devastated districts.

A large squad of artillerymen assisted by the municipal authorities have dynamited all the ttotering buildings and walls. This work has so far been confined to Market street in order to open a safe artery from the outlying district to the water front. The district north of Market street and the business section will receive the same treament after Market street is clear.

A commission last Sunday investigated all the buildings left standing upon the main thoroughfares of the devastated city. It was ascertained that nearly all the steel frame structures had withstood the earthquake, and although in almost every instance they had been gutted, the fire loss was confined principally to the contents.

The action of the Humboldt bank, which will at once erect a new building 17 stories in height, may be cited as typical of the spirit of reconstruction prevailing here.

Two months ago, plans were selected and contracts let for the building, and steel for the construction is already on the way west from the east. Yesterday orders were given to go ahead with the work of building. Build fast was the order, and this means the expenditure of every possible energy that money can purchase for the construction of the building.

The site is on the south side of Market street, 100 feet east of Fourth. The site cost $400,000, and is held by its owners to have every cent of its original value today. The building will cost $300,000. The construction will be steel and terra cotta, a construction that has stood the test by fire and earthquake. The whole habitable portion of San Francisco has been organized and districted for sanitary inspection purposes in the most thorough manner. There is no longer danger of epidemic, because the health department, working with the military, is prepared to handle anything of the sort before it could become threatening.

The embargo on merchant vessels has been removed and shipping can now be moved as usual. For the past few days vessels of the Pacific squadron have been keeping vessels from the east from the port, but this restriction has been removed by orders from Admiral Goodrich, commander-in-chief of the Pacific squadron, to the commissioner of the port.

The full extent of the injury sustained by the big fort is as yet unknown, as the engineering corps only can disclose the full extent of the damage.

Some of the placements of the big guns have been cracked and twisted. Some of the heavy concrete in the bottom and in the walls of the emplacements bear unmistakable evidence of having been given a bad shaking up.

Conditions are said to be equally bad at the fortifications back of old Fort Point. As it is now, the great 134-inch guns on both sides of the gate constituting the main defense, are practically useless. They weigh several tons each, but their adjustment on their carriages is as delicate as that of a watch. The earthquake destroyed this, and it is believed it will take considerable time and much labor before the big guns are in a condition to do the execution they were intended to do. The Lime Point batteries stand out on an immense bluff, towering hundreds of feet above the bay. The shock there was exceedingly severe, and is believed to have injured the fortifications at this point more than elsewhere.

burned district, says that the vaults of the banks are all right, but that it will be several days before they can be opened on account of the heat. The safes, which are covered by debris, will not be opened until perfectly cold.

The big fire has obliterated Chinatown from San Francisco forever. Mayor Schmitz informed Chief of Police Dinau Monday night that all of the Chinese now in the city would be collected and placed in or near Fontana's warehouses near Fort Mason, and that the new Chinatown would be located at Hunter's Point on the southern extremity of the county on the bay shore. It is several miles distant from the old Chinatown. All Chinese who have left the city and who return later, will be concentrated at the new points.

The refugees are rapidly thinning out of Golden Gate park and the Pan handle. The police estimated that 2,000 people left the park Monday, and there are about 3,000 left. The rain had little depressing effects on the spirits of the peopple seeking shelter in the tents. A company of soldiers was sent from Fort Mason Tuesday morning to guard the valuts at the Masonic cemetery, where the papers from the hall of records are stored.

Railroads Tender Use of System.

San Francisco, April 25—The United railroads has tendered the use of the entire system to Mayor Schmitz during the present crisis. Free transportation will be furnished the people over the lines for themselves and their baggage. The companies' cars standing in all of its car barns not destroyed, are also free for the use of the people for the purpose of shelter and as lodging.

Stock Exchange Opened.

San Francisco, April 25.—The stock exchange, which was unburned, and was waiting for the first move to be made by the banks, has been opened temporarily. An executive session will be held in a few days to decide upon the date of resumption of business.

Sessions of College Suspended.

Berkeley, Calif., April 25.—President Wheeler, of the University of California, met with the Academic counsel Monday and suspended the sessions of the college for the rest of the academic year.

Elmira Gives Large Sum.

Elmira, N. Y., April 25.—At a public meeting Monday night the relief fund for San Francisco was closed. The money turned in amounted to $10,000, besides several hundred dollars' worth of new clothing.

New York Sends $331,000.

New York, April 25.—Jacob H. Schiff, of the committee appointed by Mayor McClellan to receive contributions for the relief of the San Francisco sufferers says the fund has reached over $331,000.

Shock Felt at Oakland.

Oakland, Calif., April 25.—A quite perceptible earthquake was felt here at 10:30 o'clock Monday night. No damage was done.

These Escape All Injuries.

Oakland, Calif., April 25.—Principal Wilkinson, of the deaf, dumb and blind asylum at Berkeley, reports that no pupil or employe of the institution received the slightest injury. All are well.

Bailiff Dies of Wounds.

Pavo, Ga., April 25.—Wilson Davis, bailiff of Pavo justice court, is dead from the effect of a gunshot wound in the abdomen. Mr. Davis was shot by a negro whom he attempted to arrest out on Indian creek.

No More Money for Judges.

Washington, April 25.—The senate committee on judiciary has voted to report adversely a bill to increase the compensation of circuit and district court judges of the United States.

Aid Comes from Manila.

Manila, April 25.—Many organizations here are planning to send aid to the earthquake sufferers at San Francisco. The Jockey Club, composed of Spaniards and Filipinos, has subscribed $15,000.

FATHER GAPON IS HANGED AS A TRAITOR

Is Asserted That He Was Put to Death by Revolutionists.

PRIEST ACCUSED OF SPYING

Alleged that Revolutionists Heard Gapon Admit His Treason and then Hanged Him Secretly—Gapon Missing for Some Time.

London, April 25.—An extraordinary story is published by the Manchester Guardian from a correspondent in Russia asserting that Father Gapon was hanged secretly April 10 by four revolutionists who overheard him admit that he was spying on his former revolutionary colleagues in behalf of the Russian police.

It was announced from St. Petersburg, April 10, that Father Gapon had mysteriously disappeared about a week previously, and that his wife was greatly alarmed, fearing foul play on the part of his enemies as the police insisted that he had not been arrested, and that they knew nothing of his whereabouts. The dispatch announced Gapon had been kidnaped by his enemies.

Father Gapon Held by Holy Synod.

St. Petersburg, April 25.—Friends of Father Gapon claim to have information that he ex-priest has fallen, not into the hands of the revolutionists, but into those of the Holy Synod, which condemned him for forsaking the priestly orders to indefinite imprisonment in one of the many gloomy monasteries used by the church as prisons.

The most famous of these is the monastery of Solovietz, on an island in White Lake, in the far north, where the metropolitan Philip was imprisoned and killed in the sixteenth century. There have been many other cases of men being immured and disappearing entirely.

Father Gapon's common law wife, it is alleged, petitioned the synod to name his prison and for mitigation of his sentence.

Returns Indicate Hobson's Election.

Birmingham, Ala., April 25.—Later returns from the sixth district, Democratic congressional primary, received up to 11 o'clock Monday, indicate the nomination of Captain Richmond P. Hobson, over Congressman John H. Bankhead. Hobson appears to have carried Walker, Hale, Pickens and Fayette counties by good majorities, while Bankhead appears to have Lamar, Marion and Sumter counties by small majorities. Greene and Tuscaloosa counties appear to be close. Returns so far received indicate a majority of about 400 for Hobson. The Hobson men are claiming victory, while Colonel Bankhead said, when asked for a statement, that he was not sufficiently informed to make one at present.

Cut His Paramour's Throat.

Covington, Ga., April 25.—Escaping from the county chaingang, Lon Smith, a middle-aged negro, came to town and went to the home of Sara Davis, his paramour, and upon her refusal to live with him longer, a quarrel ensued, when Smith pulled a razor from his pocket and slashed the woman twice across the throat, inflicting injuries which will most likely prove fatal. He was later caught by a posse, and turned over the sheriff.

Philadelphia, April 25.—Delegates from England, Scotland, Ireland, and Wales and from every part of this country, are here celebrating the 20th anniversary of the organization of the Presbyterian church. The celebration is under the auspices of the Philadelphia presbytery.

DECORATION DAY WILL BE OBSERVED

Graves of All Veterans Will be Decorated Today.

FLOWERS ARE PLENTIFUL

Kirby Smith and J. J. Finley Chapters Join in Decorations, and Graves Will be Liberally Strewn With Flowers. Afternoon Ceremonies.

The Confederate Memorial Day will be duly observed in this city, as proper authorities have been secured to see that every detail in the program goes off properly.

On the morning of Wednesday, Mesdames J. F. McKinstry, Jr, J. B. Cutler and J. M. Graham were busy superintending the decorating of the monument and grounds, and were admirably successful. The handsome monument of Kirby Smith is decorated in the colors and otherwise as it has never been before, and is guarded by a cannon from East Florida Seminary, which is also adorned in the proper decoration.

The ladies of Kirby Smith and J. J. Finley Chapters, United Daughters of the Confederacy, together with the Veterans of the Blue and Gray, will leave the band stand at 9 o'clock prompt this morning for the cemetery, where impressive ceremonies will be held, and where graves of the departed heroes, both Confederate and Union, will be strewn with flowers. There will be impressive services at the graves, which will be the conclusion of the morning services.

In the afternoon, at the band stand, beginning at 5 o'clock, there will be another ceremony, when Judge Horatio Davis, an old Confederate Veteran, and commander of Stonewall Camp, will deliver the address for the occasion. Judge Davis is a fine speaker, and will no doubt deliver a fine address.

The ladies were busy during all of yesterday in securing flowers, and it goes without saying that the decorations today will be as abundant as they are fragrant, on the graves of both the soldiers of the Blue and the Gray.

ISLAND GROVE SCHOOL.

Closed a Successful Term Friday With a Fine Program.

Island Grove, April 24.—The Island Grove Junior High School, under the supervision of Prof. J. D. Atkins, closed Friday, April 20th, ending one of the most successful and well taught terms of its history. The day was duly observed by both pupils and patrons, there being a large number present to witness the exercises of the closing days.

In the forenoon a public examination was held in the school house. The students showed careful drill and excellent preparation, and all expressed themselves as being well pleased.

At noon tables were erected under the beautiful oaks of the school grounds, on which was spread a bountiful feast prepared by the ladies of the town.

After dinner all assembled in the school building to listen to the distinguished visitors, who made some very able addresses. The first was by Major G. R. Fairbanks of Fernandina. He reviewed briefly the educational history of the State from personal observation. He also gave a brief history of Island Grove as he knew it.

Following Maj. Fairbanks was J. Whistle of this place. Mr. Whistle is a very able man and a good speaker. He appealed to the young men and young ladies to seek a higher education, setting forth examples of those young men who are now striving for that education.

Col. Christopher Matheson, the gifted orator of Gainesville, spoke at length of the character of Robert E. Lee, setting that forth as an example for young men.

W. D. Carn, Superintendent of Public Instruction of Marion county, came next. Mr. Carn said he was no speaker, but before he finished he demonstrated that he "was ready with the goods." He advocated higher education and put forth figures to prove that a college education is a paying investment.

Following Prof. Carn was Hon. W. N. Sheats, principal of the University High School, Gainesville. He told of his first visit to the Island, the old log school house, and the steady advancement of the community along educational lines. He then talked of higher education and gave a number of examples of Florida's young men who had succeeded under difficulties.

J. R. Shaw, representing the trustees, made a few very appropriate remarks.

The exercises were concluded by a farewell speech from Prof. Adkins.

News Notes.

Among the prominent visitors to town today are Mr. Love, candidate for county treasurer; F. F. Paulling, candidate for county commissioner from this district; "Uncle Bill" Richardson and J. R. Tompkins.

Beans are moving from here rapidly. Today's shipment amounts to over 350 crates.

Mrs. R. H. Frazee has returned from a visit to Brooksville. She was accompanied on her return by Mrs. Arick, who will spend some time here.

A band of Gypsies caused a little excitement here Tuesday. James Holt crossed one's palm with $3.50, and she told his fortune, but didn't return the money, and then James "got busy." He got the money. Next they carried a watch to J. G. White's to have it repaired, and claimed a "jewel" was stolen from it, and then some more "got busy." Mr. White is deputy collector, and he pulled them for license. After quite a chattering time of it the Gypsies pulled stakes and left for Gainesville.

C., on April 13, in the naphtha launch Senkati, and should have been in Norfolk two days later. Ten days have passed and no word has been received from them.

ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S.

PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

All the ladies are invited to the lecture of Mrs. Cleveland on "Health and Happiness" at the Seminary Hall Friday afternoon at 4 o'clock. No admission.

J. B. Peacock, a naval stores operator of Williston, was in the city yesterday. He was en route to Worthington Springs, where he will spend a week or more recuperating.

The S. J. Thomas Company have a new advertisement in this issue, to which attention is directed. They state that a plumbing and tinning department has been added to their business, which means a great deal. All work is guaranteed, and The S. J. Thomas Company will no doubt make a good thing from this department.

Norman McRae of Windsor, who is attending school here, had the misfortune to a very painful accident yesterday, which may considerably inconvenience him for tne next few days. While attempting to lower a window the sash fell upon a hand, mashing it. It was not necessary to call a physician, however, since the young man's friends were near, and the wound was dressed without difficulty.

Attention is directed to the change of advertisement of the Bank of Alachua, which appears in this issue. The Bank of Alachua, while comparatively a young institution, is one of the most solid in the county, conducted by men of sound business judgment, and will be willing to assist all who are worthy in loans. This institution, as will be noted, is also paying 4 per cent interest on time deposits, which is as good as can be secured in the State by any reliable firm.

C. S. Robertson, the clever solicitor for the Armour Refrigerator Car Lines, has returned from Ocala and other points, where he has been in the interest of his line. Mr. Robertson states that, notwitstanding some growers have stated that shipping cabbage be refrigeration did not pay, he has sent five solid carloads by refrigeration this season, all of which arrived in market in good condition and brought better prices than the crop which had been shipped otherwise. It pays to ship even cabbage by refrigeration.

IN JUSTICE COURT.

Neither Man Arraigned for Stealing Bicycle Was Guilty.

In Justice Colman's court yesterday the case of the State of Florida vs. Arthur Anderson and George Huckleberry, charged with the larceny of a bicycle, was brought up.

It will be remembered that on Tuesday Anderson was arraigned. At the time he stated that he borrowed the wheel from Huckleberry. The case was postponed and Huckleberry arrested, when Huckleberry testified that he had secured the bicycle from another negro by the name of George Davis, who lives at Paradise.

The evidence was conclusive that Huckleberry and Anderson were innocent, and they were released. A warrant was immediately issued for Davis, and he will be brought here and arraigned for the larceny of the wheel.

Somebody may have "wheels" in their head before this case is concluded.

Killed a Big 'Gator.

Herbert Pinkoson, who is conducting a fishery at the Sink, succeeded a day or two ago in killing one of the largest aligators of the season. The 'gator has been troubling Mr. Pinkoson and his fishermen for the past three weeks, having made his haunts in the vicinity of the fishing ground. Mr. Pinkoson, finally becoming tired of the nuisance, secured his gun, and at the proper time put an end to the life of the saurian.

The 'gator measured ten feet. After being killed he was taken ashore and skinned, and the hide will be taken North by John Bider of Mountain Plain, N. J., who has been visiting the Pinkosons. It will be preserved by Mr. Bider as a souvenir of his Florida trip.

GRANOLITHIC SIDEWALKS.

Several Miles Being Constructed Here and Work Going On.

The work of building the granolithic sidewalks throughout the city continues, and within a short time several miles of walks will be laid, with the present arrangement.

The contractor stated Tuesday that the work was progressing nicely, and that all property owners felt very much benefited from the result of the work.

The contractors are still busy, and are going ahead with the work in a manner that must be appreciated by those who own the valuable property abutting. As a rule they are satisfied, with the result that Gainesville will soon be one of the leading cities of the State which will have perfect and uniform sidewalks and streets.

A PIONEER LOW.

Israel Sherhouse of Rex is On the Bed of Death.

Information reached this city yesterday to the effect that Israel Sherhouse, an aged citizen of that section, was very low with pneumonia.

The people of Gainesville and other sections where Mr. Sherhouse is known will regret to learn of his illness. He was a veteran of the Seminole Indian war, and served his country faithfully and efficiently during the campaign. He was also a veteran of the Civil war, serving his country as faithfully as he knew how, and is regarded today as one of the most loyal citizens and soldiers of the country.

Mr. Sherhouse in not only a pioneer citizen, but a true and faithful citizen, and it is to be hoped that he will have an early recovery.

The ceremony was performed at Holy Trinity Church by Rev. Francis H. Craighill, in the presence of a few friends.

The happy couple left for St. Augustine, where they will spend a few days on their honeymoon, returning to Gainesville, their future home.

MRS. CLEVELAND'S LECTURE.

Few Heard Her Tuesday, But She Will Lecture Again Friday.

Mrs. Cleveland's lecture at Seminary Hall, while not large, was a very appreciative one and was attended by our representative women. Those who did not attend missed an intellectual treat, for it is seldom one hears the intellectual and instructive so well combined from the platform.

Mrs. Cleveland is suffering from nervous exhaustion on account of hard work, and says this will be her last town before taking a rest, yet all were delighted. She has been asked, and has consented to talk again on April 27th at Seminary Hall at 4 p. m.

The subject will be "Health and Happiness." The lectures are given under the auspices of Viavi Company of San Francisco, and are for the betterment of the health of women.

Mrs. Cleveland justly deserves the commendation she is receiving for her efforts in trying to re-establish the health of women. This will be her last lecture in Gainesville. Remember the time and place. No admission charged.

Steel frames for high buildings are now needed to withstand earthquakes. Watch the market.

President Green of the National Biscuit Company says that his company is not a monopoly. If it isn't it is no fault of the company.

The shock of an earthquake in San Francisco on Monday night has been too much for some people, and there is a stampede to get away.

Russell Sage gave $5,000 for the earthquake sufferers in California, and when he heard of another shock in Oregan he fainted dead away.

Some of the fellows are draining their intellects to get up stuff on the Everglades drainage. From present indications it will soon be coming in car lots.

As there are no racial lines drawn in Uncle Sam's bounty in relieving the wants of the hungry at San Francisco, there will be a lively movement of rice to the Pacific slope.

The Live Oak Daily Democrat says that it is an assured fact that a five-story hotel will be erected in that city. The plans and specifications will be ready in a few days and work will be commenced.

The Tampa Tribune, in speaking of the transfer of a Western Union official to Jacksonville, says: "He has been promoted to cashier of the Jacksonville office." As if Jacksonville would give a "wider field" than Tampa.

The death rate will steadily increase in San Francisco, unless they disarm the rattle-headed guards who are doing duty about the city and shooting down the members of the relief committee whenever they appear on the streets.

They claim that the reason Gorky was turned down at the New York hotel was that he appeared with only one female. If he had only followed the plan of the Grand Duke Boris, and had a bunch, there would not have been a word said.

New Zealand labor unions are now trying to get a six-hour day, having tried the eigh-hour day for some time. If they keep on they will be like the fellow who said he wished there were six Sundays and one working day in the week.

The coal strike has almost been lost sight of in the past few days, but the latest reports say that there is a chance for a further discussion of the subject, but not much likelihood that there will be any coal mined for some time to come.

There was quite an exciting time in Marion county last night. Some thought an earthquake was coming or there was a cyclone. But the truth was learned at last when an investigation revealed the fact that it was only the stentorian voices of the orators at the Kendrick political meeting

TRUTH IS GOOD ENOUGH.

The cash returns from that acre of Sanford celery has, as the intem has traveled around in the press, gone steadily up until it has reached the very handsome sum of $3,000, says The Tampa Tribune.

Brethren of the press, let us draw these things a little milder. People don't believe fairy stories. Tampa points with modest pride to the yield of $1,857 from an acre of celery as good enough for anybody. The object of disseminators of cheering information about Florida's resources should be, not to run a race in the magnitude of our stories, but to push to the front such particulars as can be fully and promptly verified.

Let us at the same time, when we are recording average net profits of a thousand dollars per acre, admit and accompany with the information that the conjunction of circumstances has been unusually favorable this season. If we mistake not the record has been very excellent and the Northern markets have been hungrier for them and more willing to pay for them than for a long time. Let us, when enlightening the people of other sections with a picture of our attractions and resources, not forget to include such features as these and permit the reader to infer the exact facts. It is true such conditions conjunct every two or three years in the same fortunate degree, but it would be wise for us not to promise them as a certainty every year—lest we disappoint our new arrivals.

WILL IT GO?

From present indications it looks as if the government free seed graft is to meet its long merited fate. The House Agricultural Committee has cut out the usual appropriation that sustains the graft, and if its action is sustained by the House, then it will remain with the Senate to determine whether the abuse is to be perpetuated or not. There is no certainty, however, and no reasonable probability, that Congress as a whole will put an end to the business, for it is a petty plan for influencing the "farmer vote," at the public's expense, that is dear to the average Congressional heart, or has been in the past. It would be better, however, to insist that the law be administered according to its original and rational intent than to cut off the appropriation necessary to give the law effect. The appropriation is none too large for the government to expend in searching the world for seeds and plants new to us, to be tested for their economic value at the various State experiment stations, or by competent private parties. The law was originally designed to serve that purpose, and if it had been held to its mission strictly there would have been no clamor for its abrogation. It is not the law but the base use it has been devoted to that needs abolishing. The first Congressional intimation of unfriendliness to the free seed is the act herewith referred to, and there is hope of ultimate reform in that.

Since the foundation of our government we have admitted nearly 23,000,000 immigrants. The direct descendants of these and those living, constitute fully one-half of our population. Without them we would have been a nation of but 40,000,000 people instead of 80,000,000. We have absorbed and Americanized them easily, and today we find them in the United States Senate, the House of Representatives, as governors of States, in legislative halls, as mayors of cities, in aldermanic chambers, and in all avenues of business and social life.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

STATE PRINTING.

A few days ago The Sun complimented The E O. Painter Printing Company on the fine quality of work that printing house in DeLand was turning out for the State. The Tallahassee True Democrat, always ready to bestow credit where it is due, endorses The Sun's statement and adds:

"The St. Augustine Record is doing more of the same kind and doing it the same way. The price at which they are doing it, too, is just a little more than half the price at which the same kind of Supreme Court reports printing is being done in different shape in all respects by the Great Capital Publishing Company of this city, the former contractors not being required to put up a $12,500 guarantee for a bond of $40,000 either. They do what they agreed to do honestly, with no hitches to it."

This is the day set aside to decorate the graves of our fallen heroes, and not one should be missed. There never was a more devoted army to its cause than the soldiers of the South, who battled for their rights in the sixties. They suffered all the hardships that come to the soldier, and stood up to do battle until their noble commander-in-chief saw that further effort was useless, when they lay down their arms. They deserve the respect of every true citizen of the South, and it is but fitting that their graves should be strewn with sweet flowers in token of their love for the beautiful Southland.

The people of Florida do not need to be urged to subscribe liberally to the fund for the earthquake sufferers of California. With but very few exceptions they will do it without solicitation. They are prosperous, and many are indebted to kind Providence for their prosperity, and there are no people that will give more liberally than those of our own State.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Those Fumes Being Argued.

Washington, D. C., April 25.—The case of the state of Georgia against the Tennessee Copper company and the Ducktown Sulphur Copper and Iron company (Limited) was reached in the supreme court of the United States late Monday afternoon, but the argument went over until Tuesday. Mr. Logan Johnson made the first speech for the state and Attorney General Hart will conclude the presentation of the state's case. A number of attorneys are here from different parts of the country, representing interests directly or indirectly affected by the case the state seeks to make out.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Two-Headed Calf is Found.

Forsyth, Ga., April 25.—Nature has startled the citizens of Monroe county by producing a freak in the shape of a two-headed calf, which was found in the pasture of W. J. Zeller, near Strouds. The calf being dead, the heads were cut off and brought to this city by Hon. W. A. Worsham. They were perfectly formed and of normal size. They were joined one to the other at the lower base of the head, one neck answering for both heads. Each head had two eyes, two ears and mouth, all being perfect in formation.

A Dandy For Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and $1. Sold by W. M. Johnson.

Spencer Blackburn Greeted.

Washington, April 25.—Representative Spencer Blackburn, of North Carolina, who was recently acquitted on a charge of receiving fees for legal practice before the government departments, was enthusiastically welcomed by members of the house on his return. Speaker Henderson, as a special mark of distinction, placed Mr. Blackburn in the chair to preside over the house during the consideration of District of Columbia legislation.

Cures Coughs and Colds.

Mrs. C. Peterson, 626 Lake St., Topeka, Kans., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite. It has done, and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." Sold by W. M. Johnson.

RIVER TRAFFIC TO START SOON.

Only Specific Agreement is Now In the Way.

Macon, Ga., April 25.—Colonel Dan C. Kingman, of Savannah, in charge of the rivers and harbors of this division of the state, was here Monday evening in conference with the navigation committee of the chamber of commerce for the purpose of completing all river improvements now under consideration so that Brunswick boats may enter Macon as soon as they complete traffic arrangements.

The Oconee returned to Macon on Monday with Captain Woolvin in her charge.

The snag work to this point has been completed, and the river will be declared open as soon as suggestions are carried out as agreed upon by Colonel Kingman and the transportation committee.

It is reported that more than 5,000 snags impeding navigation in the river below Hawkinsville have been removed on the present trip of the Oconee, and the difficulty arising from poor river channels has been cleared away. Captain J. R. M'ller, who was so long in charge of the City of Macon, plying between Macon and Brunswick, states that the only trouble experienced was between Hawkinsville and Abbeville, and all this has been removed through recent work of the government. All parties interested will announce ready for traffic within a few days.

REUNION OPENS WEDNESDAY.

Record-Breaking Attendance is Anticipated.

New Orleans, April 25.—The preliminary indications are that the confederate reunion which opens Wednesday will surpass in point of attendance any similar event in recent years.

Last night saw the meeting in addition to the numerous arrivals of regular passenger trains, all of which are provided with extra equipment, 20 special trains had arrived, and this number will be exceeded within the next 24 hours.

Gen. S. D. Lee, commander-in-chief of the United Confederate Veterans, arrived last Monday night, and attended a dinner at which he and "Stonewall" Jackson, grand commander of the Grand Army of the Republic, were guests of honor. Tuesday General Lee held a reception in the parlors of the St. Charles hotel for the members of his staff, which was largely attended. He said that there are no features of especial importance to come up at the present reunion, and in view of this he expressed himself as highly gratified at the prospect for a record-breaking attendance. The numerous affiliated societies have opened headquarters in various parts of the city and entered actively upon their program of entertainment of visitors.

All but two cities, Birmingham and Richmond, Va., have been mentioned as places for the next reunion.

Negro Prisoners Free Jail.

Warsaw, April 25.—Several men in carriages armed in uniforms of grenadiers and officials, drove up to the jail here at 2 o'clock Tuesday morning and presented an order for 7 political prisoners who were to be released today. The prisoners were delivered to the men with formal ceremony. All efforts to ascertain from Governor Dubassoff or the officials of the city the crimes these men charged and to whom uniforms inside the cabinet. There was no further news of the political prisoners or of the men who released them.

Cough Cure Wins Fighting a Burglar.

Mr. Wm. Dees, Lancaster, proprietor of a livery in Chanute, Indiana, says: "I caught a severe cold while running a livery in the town among the hills. It will loosen and relieve a severe cold in one-half the time any other treatment will and leaves no injurious after effects to follow the severe illness. For sale by all druggists.

BACKING CAR INJURES WOMEN.

Mrs. Wright and Mrs. Whitfield Hurt by a Freight Car.

Canton, Ga., April 25.—At the north side of railroad crossing in Canton Monday morning about noon a freight train, while switching, backed a car into Mrs. Margaret Wright and her daughter, Mrs. Ben Whitfield, and injured both women.

The older lady was seriously hurt about the head and otherwise bruised and Mrs. Whitfield's lower limbs were also badly cut and bruised, one of her hands being almost severed.

The freight, in switching, ran up the main line, and backed on a side track. The women were walking up the main line and stepped from the main line to the side track, not noticing the approach of the cars backing toward them, although the conductor of the freight is said to have shouted to and caught hold of the women and tried to prevent them from going on the track.

Mrs. Wright is about 70 years old, a confederate widow sometime and it is doubtful if she recovers from the injuries sustained.

REUNION OPENS WEDNESDAY.

Record-Breaking Attendance Is Anticipated.

New Orleans, April 25.—The present indications are that the confederate reunion which opens Wednesday will surpass in point of attendance any similar event in recent years.

Last night and this morning in addition to the passengers arriving on regular passenger trains, all of which are provided with extra equipment, 29 special trains had arrived, and this number will be exceeded within the next 24 hours.

General S. D. Lee, commander-in-chief of the United Confederate Veterans, arrived late Monday night, and attended a dinner at which he and "Corporal" Tanner, grand commander of the Grand Army of the Republic, were joint guests of honor. Tuesday General Lee held a reception in the parlors of the St. Charles hotel for the members of his staff, which was largely attended. He said that there are no features of especial importance to come up at the present reunion, and in view of this fact expressed himself as highly gratified at the prospect for a record-breaking attendance. The numerous affiliated societies have opened headquarters in various parts of the city and entered actively upon their program of entertainment of visitors.

As yet, but two cities, Birmingham and Richmond, Va., have been mentioned as places for the next reunion.

Rescue Prisoners from Jail.

Warsaw, April 25.—Several men in carriages attired in uniforms of gendarmes and officials, drove up to the jail here at 1 o'clock Tuesday morning and presented an order for 3 political prisoners who were to be tried today. The prisoners were delivered to the men, who then dove away. At daylight the carriages were discovered empty on the outskirts of the city, the drivers bound and gagged and the discarded uniforms inside the vehicles. There was no further trace of the political prisoners or of the men who rescued them.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial constable at Chapleau, Ontario, says: "I cought a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by all druggists.

Bradley, formerly of Atlanta, Ga., but now of St. John's Methodist church, St. Louis, Mo., has accepted the invitation of the Tuskegee Normal and Industrial institute to preach the commencement sermon here on Sunday, May 20th. Dr. Bradley is well known throughout this section. His presence during the commencement exercises of the Tuskegee institute promises to be a most notable feature.

Albany Court Bill Reported.

Washington, April 25.—Senator Bacon has reported from the senate committee on judiciary the bill amending the act providing for circuit and district courts of the United States at Albany. The principal changes made by this bill, which has passed the house, are in the official destination of the division which is hereafter to be known as the Albany division, and adding to it the counties of Tift, Turner, Crisp, Colquitt and Miller.

Telephone Company in Trouble.

Trenton, N. J., April 25.—The court of chancery has appointed Charles M. Meyers, of Newark, receiver of the Telegraph and Telephone Company of America, a large holding company, with $30,000,000 capital stock. The liabilities are placed at $925,562, composed largely of unpaid assessments on stocks. The assets are $2,051,171, but of uncertain value.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." BACKING CAR INJURES WOMEN.

Mrs. Wright and Mrs. Whelchel Hurt by a Freight Car.

Canton, Ga., April 25.—At the north side of railroad crossing in Canton Monday morning about noon a freight train, while switching, backed a car onto Mrs. Margaret Wright and her daughter, Mrs. Mort Whelchel, and injured both women.

The older lady was seriously hurt about the head and otherwise bruised, and Mrs. Whelchel's lower limbs were also badly cut and bruised, one of her heels being almost severed.

The freight, in switching, ran up the main line, and backed on a side track. The women were walking up the main line and stepped from the main line to the side track, not noticing the approach of the train backing toward them, although the conductor of the freight is said to have beckoned to and caught hold of the women and tried to prevent them from going on the track.

Mrs. Wright is about 75 years old, a confederate widow pensioner, and it is doubtful if she recovers from the injuries sustained.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

A French Characteristic.

Now, what I like so much in France is the clear, unflinching recognition by everybody of his own luck. They all know on which side their bread is buttered and take a pleasure in showing it to others, which is surely the better part of religion. And they scorn to make a poor mouth over their poverty, which I take to be the better part of manliness.—Stevenson.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.
Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.
THOS. W. FIELDING.
Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.
JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.
H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.
H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.
WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.
Respectfully, THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.
Alachua, Fla. CHAS. HODGE.
